

My mission

I'M LOOKING FOR YOUR DREAM PROPERTY

Taking the stress out of research. You've got someone who knows the town and who's easy to negotiate with agencies/tenants.

Together, we'll define the lifestyle criteria that are important to you.

I advise you on the city. I'll look for what's right for you, I present you the results.

I visit beforehand and give you the feedback. I organise the visits with you in real.
